Paskaidrojums

Pielikumā “Vēsturisko zīmju albums” uzrādīti zīmju tipi un to rasējumi, kas vairs neeksistē (punkti ir iznīcināti) vai nepieder valsts ģeodēziskajam tīklam. Tiklīdz pēdējais valsts ģeodēziskā tīkla punkts ar vienīgo palikušo zīmes tipu atzīts par iznīcinātu, zīmes tips tiek pārcelts no Valsts ģeodēziskā tīkla punktu zīmju albuma uz pielikumu “Vēsturisko zīmju albums”.

Informācija par vēsturisko zīmju tipu rasējumos lietotiem apzīmējumiem meklējama arhīva materiālos LĢIA Arhīva un aprites materiālu fondā.
